# Introduction Biesterfeld

Biesterfeld SE is the strategic holding company of the Biesterfeld Group, one of the international leading distribution and service companies in the field of plastics, rubber and specialty chemicals. Founded in 1906 in Hamburg, Germany, today the group has more than 1100 employees across more than 50 locations in Europe, North and South America, Asia and Africa and generates an annual revenue of 1.38 billion EUR (FY 2023). The fully family-owned company focuses on specialized market know-how and application-based technical advice across numerous industries in the business units Standard Polymers, Engineered Polymers, Performance Polymers, Rubbers, HealthCare, Industrial and Consumer.

Within the Business Unit “Industrial”, the Composite & Tooling segment brings together our expertise in composite materials.

Our comprehensive and sustainable portfolio includes products for every stage, from model making and tooling to final composite parts – such as core materials, tooling boards, prepregs and specialty reinforcements – offering tailored solutions that enhance efficiency, reduce waste, and help our customers achieve their performance and sustainability goals.
